*Send us ONLY your tachometer unit (NOT your instrument cluster) so we can modify and calibrate it for your Vanagon conversion.

OTHER/NOTES/REQUESTS: _____

The main relay, fuel pump relay, and ECU are required to do a basic functionality test on a harness. A harness missing these components will defer to the arrival date of these components.

MAIL YOUR HARNESS AND THIS COMPLETED FORM TO THE ADDRESS BELOW

Small Car Performance • 1403 34th Ave. E, Fife, WA 98424 • 253-473-2474 • www.smallcar.com
